

"D. D. D." the astonishingly effective new Skin disease prescription

Eczema, Salt Rheum, Barber's Itch, Erysipelas—all eruptions, scaly diseases and parasitic affections of the skin positively cleared away in a hurry. A clean, pleasant liquid (non-sticky) externally applied—sopped or rubbed over the parts. Instantly stops all irritation. Soon clears out absolutely all affected conditions.

(Here is a case cleared away with two bottles.)

(Case of daughter of Mr. Moss Hartman, permanently cured of a bad skin disease after two bottles only of the D. D. D. prescription.)

We vouch for these facts.

They have been proven to us beyond the possibility of doubt.

Sold by Wells & Haymaker.

Some weeks ago the astonishing record of this prescription—proven to us by indisputable evidence—brought us to give our unqualified recommendation to the public. Since then D. D. D. has cured so many who received it from us that its record with us has been equal to its previous history. We have not seen a single instance of disappointment. It seems to do the work every time. In nine cases out of ten, manifestations on the skin are skin diseases—not blood diseases. Many purchasers formerly miserable, thinking they had a bad blood disease, have found it was merely a skin affection and have cleared it all away with this prescription.

Among all the known reliable specific medical influences for different ailments we know of very few discoveries so certain in effect as this D. D. D. prescription in its quick conquest of skin diseases of all kinds.

A FEW CURES OF WELL-KNOWN PARTIES.

Chicago, April 7, 1902. "I have been troubled for years with Eczema of the skin and tried a great variety of remedies and cures, with no apparent result. I was unable to do my work in any way. A friend of mine gave me a bottle of your D. D. D. remedy to try. Before the contents of the first bottle were consumed I am glad to say your remedy had proved entirely satisfactory and had cured me. I take great pleasure in recommending it to all and everyone suffering from any disease of the skin. Sincerely yours, JOHN D. HAGGOTT. (A well-known Chicago business man.)"

"The D. D. D. remedy cured me of Eczema of the skin. I had been treated at Hot Springs, Ark. for six weeks. The hot waters irritated me and made me worse. My body was covered with eruptions from head to foot. GEO. GEBERT, No. 255 12th St., Chicago."

Chicago, April 6, 1902. "I got some kind of a skin disease in a barber shop and I tried a half bottle of your D. D. D. remedy and I must say it cleared my skin. I asked the drug clerk for a name and he gave me the D. D. D. name. I think the best thing for me. I thought the price was a little too much, but I never have any kind of a skin disease again. I am willing to pay ten times as much. I think it is the best remedy in the world for any kind of a skin disease. Yours truly, FRANK W. KOLLE. 24 West Irving Park Boulevard, Chicago."

"This wonderful discovery, the D. D. D. remedy, cured me of a bad case of Eczema of long standing, which the physicians could not cure. I cheerfully recommend it to all persons afflicted with any kind of a skin disease." C. H. WOODWARD. (Ex-Mayor, Cairo, Ill.)

The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Company, 70 Dearborn Street, Chicago. It is utilized by every general family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago. It will clear off any yeast break in the skin in from 3 days to 60 days' time. If you have a skin disease visit the above agents and see proofs that will make you a happy human being. \$1.00 buys this prescription—already made up in sealed bottles—with authentic label on each.

JAILED

Are the Striking Coal Miners Who Were Arrested For Alleged Violation of Injunctions.

The coal miners arrested by Deputy United States Marshal Dan R. Jackson Wednesday in Preston county and taken to the Parkersburg jail Thursday to await trial before Judge John J. Jackson on the charge of having violated his injunction in connection with the strike in that section are Walter Cross, Newton Gump, Henry Miller, Asa J. Jenkins, Riley Gump, Charles K. Weaver and Benjamin Weaver.

It is expected that the miners employed by other than the Kingwood Coal Company and the Irona Coal Company in that region will go out on a strike in the near future and it is probable trouble will occur.

READ IT THROUGH.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "over true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by G. C. Stone, druggist.

MRS. SANDS ABROAD.

Mrs. Sprigg Sands and little son, of this city, and Miss Anna Durbin Sands and Miss Gladys DeBolt, of Fairmont, who have been abroad since last September, have been in Rome for two weeks past, but left there a few days ago and will go to Switzerland and Germany. Their tour has been of a most delightful nature and they will have many interesting experiences to relate on their return home next summer.

Twenty Years Trial.

There are lots of good things the doctors know nothing about. We frequently cure people of disease after the doctors have given them up. If the disease comes from overwork, dissipation or exposure, causing weak and watery blood and loss of flesh and strength, we have the one sure remedy in Dr. Gunn's Blood and Nerve Tonic. These tablets taken with meals turn the food into rich red blood, making strong, steady nerves and increasing the strength, producing solid flesh at the rate of 1 to 3 lbs. per week. This means health. Druggists sell Dr. Gunn's Blood and Nerve Tonic for 75c per box, or 3 boxes for \$2. For nervous prostration, loss of memory, or a pale, sallow complexion, a better remedy was never made. Doctors know nothing about this remedy only the fact that we make cures, which we have been doing for 20 years. Sold by Stone & Mercer.

WESTON LIKED RANDALL; TREATED HIM RIGHT

Randall, the evangelist, wants the people here to know that Weston treated him right and as a gentleman and would rather let the inmates have left than him. One gentleman who is well known there and here, gave the evangelist \$75 himself and collected \$25 for him during his eight months' stay there. He read the whole Bible through, walking the streets day and night. Weston is the only place where he came out without leaving debts behind him. His prayer for Weston is that she may live long and be blessed.

What Time Proves.

This thing of being sick and looking for a cure is a mighty serious business. People are not given to joking even at the first symptom of the approach of the Grim Destroyer. They do not want to be the subjects of experiment, but want medicine that has had the test of years behind it. A medicine that has been made and used for 20 years gives assurance of its worth, and can be taken with a faith that they have the very best cure the world affords. All this can be said about Dr. Gunn's Improved Liver Pills as a remedy for sick head, ache, dyspepsia and indigestion, it begins right at the source of the trouble and removes the cause. Sold by all druggists for 25 cents per box. One pill for a dose. Stone & Mercer.

ACCUSED OF BASTARDY.

A warrant has arrived here from the court of Justice J. A. Vigness, of Belington, for the arrest of Lloyd Merriman, who is said to be residing here. It was sworn out by Mary Cross, of Belington, and accuses him of bastardy.

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by G. C. Stone, druggist.

AGENT FOR DISHWASHER.

As a side issue E. Randolph is agent for a very valuable and useful dishwasher, known as the Mound City dishwasher, manufactured in St. Louis. He sells these to help keep himself while he is engaged in preaching the gospel and thus not be too much of a charge upon the people. There are many attractive features about this dishwasher, according to the circular he has explaining its mechanism and operation and it looks as if every household ought to have one. The price is low and every one can afford one. While he is not engaged in preaching he will be glad to explain its operation and sell one to anyone who would like to have a useful article in his or her home.

AN APPEAL TO PEOPLE WITH WEAK LUNGS

Mr. S. Raynor of 1236 Third Street, S. E., Washington, D. C., whose daughter Elsie had consumption so badly that she couldn't raise her arms above her head, writes:

In August last my daughter Elsie was taken with the typhoid fever; she was in the care of two physicians for about two months, expecting her to die every day. After the fever broke, both doctors said it had left her with the consumption, and that it was only a question of a few days, and that they could do nothing more for her. She then could not raise her hands over her head. My wife, seeing an advertisement of "Blood Wine" in the papers, suggested that we try it, as the doctors had ceased to give her any medicine. We commenced the "Blood Wine" with excellent results; after taking the first bottle she got out of bed and sat in an invalid chair, and after the second bottle she came downstairs; and kept on improving right along until she had taken six bottles, and now she is as well and strong as she ever was in her life, and if you should see her you would not think there were any signs of consumption."

Another link in the chain of evidence was forged by J. W. Pearson of 605 F Street, S. W., of the Equitable Insurance Company, who said:

"I can safely testify as to the truthfulness of every word of the above testimonial, as I have been a weekly visitor to the young lady's house for over four years in the capacity of an insurance collector, and having been a medical student at one time and knowing the nature of her disease, I was as much astonished at the result of 'Blood Wine' as were her attending physicians."
